

Cloud Envisioning Workshop

Three-Day Cloud Assessment and Readiness Workshop

Connecting strategy to execution - discover your Cloud roadmap and achieve the results specific to your business. Softlanding will work with your business to identify the technical and commercial objectives and constraints and identify candidate workloads to migrate to the Cloud.

SCOPE OF WORK

Softlanding can customize a three day comprehensive Cloud Envisioning Workshop that will strategically guide your organization to successfully planned migration to the Cloud. Our three day scope consists of:

DAY 1

Engagement Review and Planning

- Discuss business requirements, current technology strategic direction, future goals and required outcomes
- Review engagement delivery approach and stakeholder involvement

DAY 2 onsite

Cloud Strategy Workshop

- Goal and Priority Alignment
- Readiness and Risk Management Audit with Detailed Savings Analysis
- Identification and Assessment of Individual Workloads' Migration Needs
- Vendor Selection & Management
- Security, Information Privacy & Compliance Discussion
- Cloud Solution Options Review: Application Modernization

DAY 3 onsite

Alignment Strategy

- Business Goal & Priority Alignment
- Application and/or IT Service Delivery Prioritization
- Discuss Governance Roles & Responsibilities + Security & Risk Assessment
- Solution Options Review: Application Modernization
- Drafting of High-level Cloud Envisioning Priorities & Timeline

Wrap Up and Documentation

- Document Cloud Envisioning Outcomes
- Review with stakeholders and perform single revision

Enable **Cloud Strategy** with Softlanding

The Cloud is an important journey that often take first priority for organizations looking to grow their business. However, balancing the value and risk of the workloads your organization chooses to move to the cloud require effective cloud strategy and planning. In engaging with Softlanding as your Enterprise Architect, we will work with your project team to manage your migration with methods, models and tools based on Microsoft best-practices.

About **Softlanding**

Founded in 2000, Softlanding helps organizations be their best by providing technology solutions and services that make them more productive. Areas of specialty include end-to-end Office 365 and Azure services, Microsoft Enterprise Infrastructure and Managed IT Services. As a recognized leader in empowering enterprises with solutions and services built on the Microsoft Cloud and on-premises platforms, Softlanding is a Microsoft gold partner proud to be named Microsoft 2017 IMPACT Awards 'Enterprise Cloud Platform Innovation' Partner of the Year.
