

ENTERPRISE MOBILITY + SECURITY (EMS) QUICKSTART

Identity + Mobile Management + Security

Microsoft’s Enterprise Mobility + Security is Microsoft’s fastest growing product suite proving to be a comprehensive and cost-effective identity driven security platform and Mobile Device Management tool to accommodate new devices, new apps and new hires with enterprise-grade security and scalability.

Softlanding’s Enterprise Mobility and Security Suite QuickStart is a pilot program allowing organizations to quickly evaluate the benefits associated with Microsoft’s EMS suite of products. The offering provides education on the suite, assesses your current needs and deploys the appropriate products in tandem with your team.
